Persons wishing to comment on the draft permits must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision making process. Comments should be submitted to the attention of Cina Poyer at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft permits or application notice postmarked or received on or before September 24 will be considered in the formulation of final determinations regarding these permits. Please refer to the appropriate Kansas public notice number (KS-LPG-03-001/007) and the name of applicant/application as listed when preparing comments.

The Kansas Department of Health and Environment will conduct a public hearing for the draft permits at 7 p.m. September 24 at Sunrise Acres, 441 N. Washington, South Hutchinson. The public comment period may be closed at the end of the hearing or could be extended for a short time at the discretion of the hearing officer. All interested parties will be given a reasonable opportunity to present their views orally on the draft permit action during the hearing, as well as to submit written comments at that time. In order to give all parties an opportunity to present their views, it may be necessary to require each participant to limit any oral presentation to five minutes.

The draft permits and supporting documents are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water. Division of Environment offices are open from 8 a.m. to 5 p.m., Monday through Friday, excluding holidays. These documents are available upon request at the copying cost assessed by KDHE. Request for Comments

The Kansas Department of Health and Environment and the Unified Government of Wyandotte County/Kansas City, Kansas' Department of Air Quality are soliciting comments regarding a proposed air quality operating permit. Columbian Tec Tank has applied for a Class I operating permit in accordance with the provisions of K.A.R. 28-19-510 et seq. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

Columbian Tec Tank, Kansas City, Kansas, owns and operates a bolted metal storage tank manufacturing facility located at 5400 Kansas Ave., Kansas City, Kansas.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and at the Department of Air Quality, 619 Ann Ave., Kansas City, Kansas. To obtain or review the proposed permit and supporting documentation, contact Connie Carreno, (785) 296-6422, at the KDHE central office; or Jon Schuckman at the Department of Air Quality. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Jon Schuckman, Department of Air Quality, 619 Ann Ave., Kansas City, KS 66101, (913) 573-6700. In order to be considered in formulating a final permit decision, written comments must be received by the close of business September 15.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Connie Carreno, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366, not later than the close of business September 15 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA 45-day review period. If the EPA waives its 45-day review period, the 60-day public petition period will start directly after the 30-day public comment period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Gary Schlicht, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7097, to determine when the 45day EPA review period ends and the 60-day petition period commences.
